FIG. 44 is a block diagram of a network system 4400. The system includes a central cloud labeled "Network" (4404). A radio tower (4405) is connected to the network. A mobile phone (4412) is shown communicating with the radio tower. On the left side, a desktop computer (4406) is connected to a server/firewall unit, which is connected to the network. A laptop (4408) is also connected to the server/firewall unit. On the right side, a laptop (4408) is connected to a server/firewall unit, which is connected to the network. A pen computer (4410) is also connected to the server/firewall unit. At the bottom, a server/firewall unit (4414) is connected to the network and also to a local area network of three desktop computers (4406).

About RSI

4904

Restaurant Services, Inc. (RSI) is an independent member-owned purchasing cooperative serving BURGER KING® restaurant owners in the United States.

RSI was founded in 1991 as the exclusive purchasing agent for the vast majority of products used by the U. S. BURGER KING system. Its primary purpose is to leverage the buying power of BURGER KING restaurants to achieve favorable contracts for food, packaging, premiums, promotion products, supplies, equipment, distribution and related services on behalf of more than 8,300 restaurants.

RSI's Board of Directors is comprised of BURGER KING franchisees, elected by region, one Burger King Corporation representative and one member appointed by the Minority Franchisee Association. The cooperative maintains a close working relationship with Burger King Corporation, with respective roles and responsibilities outlined in a formal Operating Agreement.

RSI works closely with restaurant owners, Burger King Corporation, food and packaging suppliers, marketing agencies, equipment vendors, distributors and information systems providers to streamline and improve the supply chain efficiency
